

HANDLES 2021

Any handle included in your quote is marked *Inc.*
The prices shown are an additional extra over cost.

Our latest stock collection of handles is designed to suit all current furniture trends. We have now added over 40 new handles in various finishes ensuring that there is a finish available that suits the furniture front of your choice. Darker wood finishes are currently becoming very popular and we have added various colours like Copper, Matt Dark Plated and Matt Black to compliment this trend. We will be constantly updating our brochure with new models through the course of 2020. We are also proud to add the Furnipart collection to our range of Handles.

furnipart

THE STAR ON YOUR FURNITURE

Furnipart, based in Denmark, were established in 1977 and have over 40 years experience in the design and manufacturing of handles. Lars Ole Hansen set up his business at home, where two bedrooms are converted into offices with only one employee however within 2 years they had opened a factory of 160 sq mtrs. By 2013 Furnipart were the market leader in Northern Europe and sell through over 50 distributors world wide from a 100,000 sq mtr site in Denmark.

Metakor, based in Belgium, is one of the leading European designers and manufacturers of handles. With over 30 years experience Metakor has been creating trendsetting handles to decorate furniture of all types and styles. Featuring innovative designs, excellent quality and a wide range of finishes, the Metakor range of handles can offer the finishing touch to kitchen cabinets.

Citterio Line is a company specialising in the production of handles and accessories for the furniture industry. The great variety of models, the guarantee of quality, the strong entrepreneurial spirit and the passion of a team of people with the same values has led the company to a process of growth which has earned Citterio Line a place of distinction in handle manufacturing.

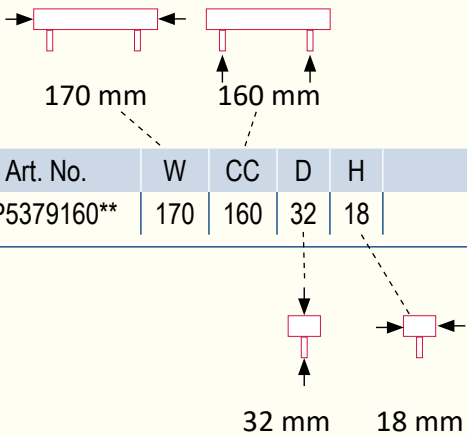

Established in 1987 in Poland, GAMET is a widely-known and commonly recognised brand in numerous European markets. Gamet co-operation with renowned designers and use of state-of-the-art technology and to increase its manufacturing base further and to launch new product lines. It is the GAMET philosophy to continue its growth by implementing modern technologies and total quality management at each stage of the manufacturing process.

Dimensions and Finishes Explained

Each handle is accompanied with a table showing the various dimensions of the handle or knob. These dimensions are; W=Width, CC=Drilling Centres, D= Depth and H= Height. To better understand the relevant dimensions please see explanation below.

Fold
